The Townships boundary lines which have been surveyed are drawn with black ink; The Townships which are subdivided and returned before June of the year 1837 are marked "DS" The townships which have been subdivided and returned and all together or in part paid for since the commencement of June 1837 are marked "U S"
And those which have been subdivided since that period and returned but have not yet been sanctioned by the Surveyor General are marked "S S"
This mark "x" on the boundary lines and in the interior of Townships designates the exterior lines and subdivisions of which the field notes have been permanently recorded in this Office.
And this mark "©" designates the lines and Townships of which the field notes have been both permanently recorded in this Office and copied for the General Land Office at the City of Washington.
The Surveyed Townships without these marks are those of which the field notes have neither been recorded permanently in this Office nor copied for the General Land Office.

As far as practicable the Illinois contracts endorsed in the Accompanying Statement U are related to by the appropriate numbers on this Diagram. The Contracts not thus related to being numbered 58, 63 and 70 U.S. are for Completing detached portions of subdivided and incorrectly Surveyed Townships and could not well be designated on a diagram on so small a scale as this Thereto-fore they are therein given as follows
